

EHS Music Boosters

As of September 1, 2005 the Jessica Lunsford Act is in effect. This act requires that anyone who is volunteering to work with children must be screened through the sexual predator's network. As parents we need to give our name, address, and driving license number to the school who will then do this check.

As the EHS Music Boosters we have many parents who work with our students, and we need to ensure that we follow this protocol. If you chaperone, work at the spirit table, at the concession stand, drive our truck, braid the girl's hair, or have any contact with the students, we need to ask you to complete this screening.

We ask that you fill out the below form and give it to Mr. Pardee. We will then have the screening completed and you will be able to continue volunteering for our music program, or anywhere within the school. If you would prefer to go the school office yourself to complete this process, please see Mrs. Caroline Beck. This is a requirement for anyone who has contact with a student in the school, even the man who delivers Pepsi truck, not just parents involved with the music program, and it is a requirement throughout the state of Florida. We cannot let anyone work with our students if they have not been cleared.

If you have any questions, please contact the school office at (239) 947-9400.

Yours Sincerely,

Bethann Nelson
EHS Music Boosters President
